ACCESSORIES FOR WOMEN

Accessories made in Italy

Brand History

- Belt Bag is the brand of eco-sustainable upcycling fashion accessories that was born in 2005 as part of a project to spread the practice of reuse.
- Each Belt Bag is a unique piece in shape and color and is made in Italy with pre- and post-consumer recycled company materials (seat belts, imitation leather, end-of-roll fabrics, fabric strips and textile scraps).
- All the materials used for the Belt Bag bags are donated by the most prestigious Italian companies producing fabrics and imitation leather. The fabrics are often combined with seat belts, an identifying element of the brand, which are recovered from car wreckers, sanitized and reused.
- Belt Bag bags are made by artisan designers who specialize in the design and production of handmade items. Each item is produced following an accurate stylistic procedure that allows us to have unique bags finished down to the smallest details.
