ACCESSORIES FOR WOMEN

Accessori made in Italy

Brand History

EMOBA was born from the idea of 2 entrepreneurs (Annamaria Guarino and Maria Sipontina Valente) who, with the support of a team of designers and technicians specialized in the leather sector for years, decided to bet on a new project capable of combining quality, attention to design and refinement of techniques and materials.

All thanks to constant innovation, artisan tradition and all-Italian know-how.

A laboratory of ideas that combines twenty years of experience with a passion for one's work.

We enrich the style and the most current trends through the revaluation of ancient crafts such as crochet and tricot, supporting the precepts of slow fashion.

Craftsmanship, technique and style: perfect trinomial for a young brand like EMOBA.

The set of experiences and knowledge, emotions and memories, dynamism and passion.
